

Spank the Yeti

PRINT & PLAY DEMO

**THE PARTY GAME OF
QUESTIONABLE DECISIONS**

COMPONENTS

48 Action Cards (white)
48 Object Cards (blue)

11 sets of ABC Cards
1 set of 123 Cards

GOAL

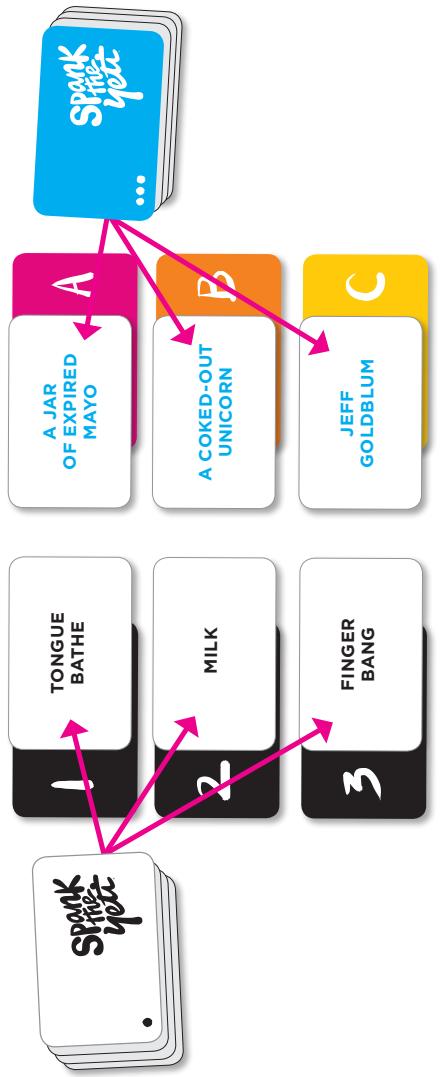

Each round, one player pairs up three Actions with three Objects, and the other players try to correctly predict his or her answers.

SETUP

1. Each player gets a set of ABC Cards.
2. Place the 123 Cards and one set of ABC Cards in the middle of the table as pictured below.
3. Shuffle each deck of cards. Place a stack of white Action Cards on the left and a stack of blue Object Cards on the right.

Say you flipped over these cards:

AGES 18+ 2-10 PLAYERS

Here's an example of how Bryan might arrange his ABC Cards.

Answer to #1 on TOP

Answer to #2 in MIDDLE

Answer to #3 at BOTTOM

Everyone predicts how they think the Yeti will pair up each Action with each Object.

Essentially, everyone answers 3 questions:

1. **Which would the Yeti tongue bathe?**
2. **Which would the Yeti milk?**
3. **Which would the Yeti finger bang?**

All players, including the Yeti, place their **ABC Cards face down** in front of them to lock in their answers.

TONGUE BATHE JEFF GOLDBLUM
(C Card on TOP)

MILK the UNICORN
(B Card in MIDDLE)

FINGER BANG the MAYO
(A Card at BOTTOM)

HOW TO PLAY CONT.

Starting with the player to the left of the Yeti, **players take turns flipping over their ABC Cards and explaining their reasoning for their predictions**. Last but not least, the Yeti flips over her ABC Cards and reveals her answers and reasons.

PRO TIP

Some people like to use a small object to keep track of whose turn it is to be the Yeti. You can use something you find on the floor, like an old bottle cap or a crusty tube sock. We like to use a little paper Yeti. Visit galacticsneeze.com to **download one for free**.

SCORING

3+ PLAYERS: Players score 1 point for each Action/Object pairing they predicted correctly. The Yeti gets the same number of points as the highest score for that round.

2 PLAYERS: The Yeti doesn't score any points, only the other player does.

At the end of each round, players who scored 1 point receive 1 white Action Card. Players who scored 3 points receive 1 blue Object Card.

↙ WORTH 1 POINT

↑ WORTH 3 POINTS

Play rotates clockwise. The player to the left of the Yeti is now the new Yeti for the next round.

WINNING!

The first player to score 15 points wins.

Tied game? Keep playing until someone has the most points. Now go Snapchat your victory dance or post a pic to Instagram. You're the best and everyone should know it. #spanktheyeti

VARIATION: THE QUICKIE

For a faster game, skip the part where everyone takes turns explaining their predictions. Instead, after all players place their ABC Cards face down, jump right to the Yeti's big reveal. Then, all remaining players flip over their ABC Cards and tally up their scores.
